Changing lives stitch by stitch

# Kenana Knitters

Mary Amuria came to Kenana Knitters in 2004. She is a mother of 8 children and a grandmother to 12.

Mary is our most prolific knitter, she loves to knit the small spider animals in organic cotton especially the Lion, Monkey and Elephant. She also works well with our handspun wool and makes beautiful Shamba Cows and Bundu Zebras. Mary works together with two of her daughters.

Mary says that working at Kenana has helped her to educate her children through primary school. Together with her husband they have managed to buy a property on which they have built their family home.

*'I thank Kenana Knitters for helping us.'*
