# Kenana Knitters

Grace was introduced to Kenana Knitters in 2009 by her friend Celine who was a knitter. Celine had been encouraging Grace to knit and when the opportunity arose for new knitters she brought her to Kenana.

Grace is a very talented knitter, who is very meticulous in her work. She knits beautiful bundu gorillas, spider giraffes and tigers.

*Working at Kenana has enabled me to earn income to meet my needs. I also have joined a women's self-help group made up of knitters through which we are able save our money for my little investments. Long live Kenana Knitters.*
