Changing lives stitch by stitch

# Kenana Knitters

Margaret came to Kenana looking for work when she heard that there were opportunities for work. Margaret was a knitter, she was able to knit sweaters, booties and beanie hats for her children.

Prior to joining the knitters she had never worked before, except for her family.

Margaret is quite an accomplished knitter, she loves knitting spider animals especially the lion and monkey. She also knits beautiful safari elephants and shamba sheep.

Margaret is a mother of eight children and has six grandchildren.

*The work we do at Kenana has given me an income that I can truly rely on, I never imagined that I could actually earn money by knitting. I have been able to provide for my children. We are so grateful for the work that we do. When we come from our day at the workshop, our children know that we have earned money that can buy books, pencils among other things. I would never have been able to achieve what I have achieved for my family without Kenana.*

Margaret Lopkoki.
