Kenana Knitters

I came to work at Kenana Knitters because I love knitting. I used to knit sweaters for babies and children for my friends and family before I joined Kenana.

In 2009 my husband passed away leaving me to raise four children on my own. My friend Mary Ngotho who worked at Kenana Knitters told me that I could earn a living through knitting and that is how I came to Kenana.

Since I joined Kenana, my children have never slept hungry nor have they missed school. I am grateful for the opportunity that Kenana has given me.

Thank you Kenana Knitters.
