

Joyce Gathoni

Changing lives stitch by stitch

Kenana Knitters

Joyce is one of the very first knitters to join Kenana. She joined Kenana in 2000. Prior to this she worked as a casual labourer on Kenana Farm. Over the years Joyce has introduced to the knitters her mother Lydia, maternal aunt Florence and Rose her Sister-in Law.

Joyce is a mother of 5 sons, all her children have been born while working at Kenana Knitters. Through her work here together with her husband they have been able to buy a property, build a permanent home and provide a stable family environment for the children.

I love my work here at Kenana Knitters, it has helped me in so many ways and I am very grateful for the support and opportunity. I really thank Paddy for starting this company, we have all come a really long way and I am looking forward to many more years with Kenana.
