

Margaret Nyambura

Changing lives stitch by stitch

Kenana Knitters

Margaret was introduced to Kenana in 2008 by her friend and neighbor Monica Wanjiru. At the time Margaret used to work as a casual labourer on peoples shambas (small farms/gardens).

Margaret knits a wide variety of animals in both cotton and hand-spun wool. Her favourite pattern is the spider monkey.

Margaret is a mother of 4 and has 10 grandchildren.

I am so grateful to Kenana, since I joined I have never had to work in a shamba again. Through knitting I have been able to provide for my family and educate my children. My husband lost his job in 2012 and thanks to Kenana I have been an able provider for my family.
