## Kenana Knitters

When I came to Kenana in 2004, I was 20 years old, newly married and with one child. My Husband was working at a local flower farm and all the ladies that I met were working at Kenana Knitters. I really wanted to join them and when my neighbor offered to introduce me I was very happy.

I have been knitting now for almost 14 years. I have raised my 4 children while working here at the knitters. My children have been with me here on the workshop floor, playing as I work.

My income has enabled me to make my own investments and contribute to the family budget. We have educated our children comfortably.

*Kenana Knitters has helped so many women, including myself. I learnt a skill and I have been able to utilize it to the best of my ability. Thank you for the faith and trust that you have had in me.*
