

Hellen Wanjiru

Changing lives stitch by stitch

Kenana Knitters

Hellen came to Kenana in the year 2005 where she started off as a Knitter on the general floor.

In 2014 she joined the permanent staff and has proved to be a very versatile employee, having worked in the Wool dyeing Kitchen, as well as the checking and labelling table. Today Hellen is responsible for the Wool Store where she handles the issuing of wool and cotton yarn to the knitters.

Hellen is a mother of 2 children and has one grandchild.

I would like to encourage my fellow knitters to work hard and to remember that the work we do here at Kenana helps us to care for our children; we are able to feed, house and educate them.
