

## Stella Wambia

Changing lives stitch by stitch

# Kenana Knitters

Stella was introduced to Kenana Knitters by her friend and neighbor Purity Wachuka in 2012. She had been helping Purity with knitting various items and had reached a point where she felt proficient enough to take work under her own name.

Stella is a mother of 4 children, she married to Paul who works as a veterinary technician.

*I really like knitting especially for Kenana. I am able to do my other work as well as knit. It doesn't clash with my day to day activities. With the income I receive from my knitting I am able to ensure that my family is well provided for.*
