Changing lives stitch by stitch

Kenana Knitters

Mary was introduced to Kenana Knitters by her friend Lucy Njeri. She would occasionally assist Lucy with knitting various items. In 2008 she decided to come and take work under her own name.

Mary is a steady knitter who works well with both cotton and wool yarn. She enjoys taking on new patterns and knits lovely Bactrian Camels and Spider Leopards. Mary always has a smile on her face and the ladies say that she is a joyful knitter to work with.

Knitting has been good work for me, I am able to contribute towards the family budget. I am also able to take care of my personal needs. I have 7 children and only one is still in school, my husband and I are able to comfortably meet our needs.
